Mary and I met this morning with Lydia Wegman et al about this meeting, scheduled for 2-4 tomorrow (Tuesday). It is focused on PM but as part of a next steps I think it will be suggested that meetings along the lines of what we've done with NCEA/ATSDR MOU and perhaps development of a MOU may occur. Samantjha - can you please send me the IRIS MOU with ATSDR to share - Lydia wanted to read it. You're welcome to participate in this meeting and to do so please let Beth Hassett-Sipple know so she can inform Gina McCarthy - it is by video only no phone hookup, so you'd need to go over to RRB.

Mary is planning to attend for us; at that time I think I'm in a panel discussion as part of the NexGen workshop.

Please let me or Mary know if any questions.

John

Subject: FYR- background materials for upcoming CDC/EPA meeting (Aug 30)

On August 30, Gina will be meeting with Dr. Tom Frieden, Director CDC. The primary focus of this meeting is on PM, at CDC's request; however, we are planning to use this opportunity to discuss broadly ways we can enhance collaboration between EPA and CDC. Gina and Dr. Frieden are scheduled to participate for the 1st 30 minutes after which staff will have another 90 minutes for discussion.

Attached, FYR, are background materials developed by HEID. We would especially appreciate your review of p. 8 which highlights non-NAAQS related activities. We will be sending the background materials out mid-day on Monday, Aug 29. If you have suggested edits, please let me know by 10 AM on Monday.

Thanks,
Beth
